Join us as we shine a spotlight on the heartbeat of commerce in the Town of Oak Island, fostering connections, and fostering growth.*

## ANNUAL FIRE INSPECTIONS

### **Annual Fire Inspections: What to Expect & Payment Reminder**

The Oak Island Fire Department conducts annual fire inspections for all commercial businesses within town limits. These inspections, led by Fire Marshal Joe Snapp and his team, help ensure that businesses remain safe and compliant with fire codes. Alongside inspections, our department also performs fire pre-planning—a no-cost service that allows firefighters to familiarize themselves with potential hazards at your business in case of an emergency.

During inspections, businesses receive feedback, recommendations, and, if necessary, citations for corrections. If a business does not pass, a reinspection will be scheduled to allow time for adjustments.

Following the inspection, an invoice for the inspection fee will be sent to the business via email, with a follow-up copy mailed. If you've recently had your inspection, please take a moment to check your records and submit payment promptly.

Thank you for working with us to keep Oak Island businesses safe! If you have any questions about your inspection or invoice, please contact the Oak Island Fire Department.

## Funds Still Available for Façade Improvement Grant Program

The Town of Oak Island is committed to maintaining and improving the aesthetic appeal of its commercial districts, which are crucial to the Town's image, and economic vitality. To support this goal, the Town Council has approved the Façade Improvement Grant (FIG) Program.

This program provides an exciting opportunity for commercial property owners and tenants in Oak Island to receive financial assistance for exterior improvements to their buildings. By participating in this program, businesses can not only enhance their own properties but also contribute to the overall revitalization and charm of Oak Island.

The FIG Program offers matching grants that cover up to 50% of the cost of qualifying façade improvements. Grants can range from a minimum of \$250 to a maximum of \$10,000 per project. Only one application per property will be accepted each year, and funding is limited. Awards are made on a first-come, first-served basis, subject to the availability of funds.
