Fee Schedule

Notes

NOTES	
1.	Where a use is not Sign Specifically listed, it shall be assigned a class most closely associated to a listed user class for the purpose of the administration of this schedule.
2.	A single business unit with combinations of services in different classes will be required to pay only System Development Fees of the highest cost category and a tap fee based on the number and size of sewer taps installed.
3.	A single building with multiple business units shall be required to pay System Development Fees based upon the commercial class of business in each unit and a tap fee based on the Number and size of taps installed.
4.	A single building having a combination residential class and commercial class shall be required to pay an System Development Fee for each unit based on the classification housed, and a tap fee based on the Number and size of taps installed.
5.	When the use of a building is being changed to a higher user classification, there shall be water and wastewater System Development Fees charged that amounts to the difference between the fees for the present use and the proposed use. No refunds of System Development Fees shall be given for changes to a lower classification.
6.	Water and Sewer System Development Fees shall be paid in accordance with the Fee Schedule for each separate use in a major sub-division. One-half of the total fees shall be paid at the time of approval of the Preliminary Plat, and the remaining one-half at the time of approval from all applicable state agencies. For all other construction, applicable water and sewer tap and System Development Fees shall be paid prior to the issuance of building permits for the proposed construction.
7.	Payment of System Development Fees for reserved sewer flow capacity shall be paid at the time of town's approval. If development plans have not been Approved and a permit issued by the town within 18 months from the date such capacity is available, the reservation becomes null and void and the town retains the System Development Fees.
8.	Vacuum system needs by customer will be figured by Utility Staff using Airvac Design Manual along with plumbing fixture flows provided by owner.
